

## Reception Homework

Week 4  
Pirates

Ahoy ship mates! We hope you are all well and safe. Please remember to save your work for us and keep adding as much as you can to your scrap books. This could be on the computer or on paper and include, work, photographs, what the children say and any other notes you feel will be useful about how your child got on with the activities.

By searching 'pirates' on Purple Mash there are lots more pirate activities.

### Physical Development

Walk the plank. Create your own plank using masking tape or something similar then see if you can balance along the line. Can you do it with something like a beanbag, pair of socks or a book on your head? Don't look down.

Find or colour some green paper, cut it in half length ways then make lots of snips in it. Finally, wrap it around an empty kitchen or toilet roll to create some desert island palm trees. Keep working on those scissor skills please.

### P.S.E.D.

Join in with Yoga Time 'Pirate Adventure' or 'Pirate' Cosmic Yoga on YouTube

Talk to your grown ups about the choices pirates and you could make and which are good choices and why.

You can add photos and feelings words in your scrap book.

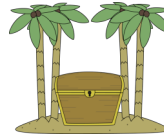

### Literacy & Phonics

Design your own wanted poster for a pirate who has

## Maths

Make some pirate treasure using tinfoil or something shiny. Ask your grown ups to be a sneaky pirate and steal some of your treasure. Then create a take away sentence using the number of pieces of treasure you started with then how many got taken away to find how many is left. Can you write it in a number sentence like this one -  $9 - 4 = 6$ .

With your grown ups, talk about time and when things have happened or will happen using words such as today, yesterday, later, before, tomorrow etc

escaped. Can you use lots of describing words so everyone knows exactly what he or she look like.

Draw your very own treasure map, add on labels or the different features and you could even write instructions of how to find the treasure.

Imagine you are ship wrecked and write a message in a bottle so someone will come and save you.

Remember to use your phonic knowledge as you write. Listening carefully for all the sounds in the words you are trying to write. Which tricky words can you remember and recognise?

## Design & Make

Can you design and make your own boat, think carefully about the materials you should use and talk to your grown ups about why you have chosen these. Test your boat out—did it float or sink? What would you change if you made another one? Why would you change it?

Talk about the different materials and their properties.

Estimate how many pebbles it will take to sink your boat then put it to the test. Who had the closest the estimate ?

## Books and websites

If you don't have the books at home, lots of these are available to watch or listen to on YouTube.

Ten Little Pirates  
The Pirates Next Door  
Captain Flinn & the Pirates  
Pirates Love Underpants  
Pirate Girl  
The Treasure of Pirate Frank
