

# Nursery Homework

## People Who Help Us

This week we are finding out about the police force. Please send in your photos completing these activities - some might even appear on our website or newsletter.

Remember to log into Purple Mash each week. We would love for you to explore 'Maths City 1'. Send us an email with what you have played on there.

Make a jail - use cushions, blankets, boxes to make a jail fort. Who are you going to put in there? What have they done?

P is for Police. What other things can you find in the house or garden that begin with P?

Play 'Cops and Robbers' with your family - one of you is the cop and the rest of the family are robbers - you have to chase the robbers and put them in jail (a bit like tag).

Draw, paint or create (with lego or bricks) a police car or a police station with a jail.

What number do we ring when we need the police, paramedics or fire service? Can you write this number? Can you find that many pencils? Or socks? Or Lego pieces?

Watch Cops And Robbers by Janet and Alan Ahlberg.
