

# Nursery to Reception

## Homework

Hi everyone,  
Mrs Hodgkiss here, I  
am so excited to send  
you some home  
learning from Reception and even  
more excited to see you in  
September. I hope you enjoy  
these activities which are all  
about you!

Hello, my name is Miss  
Cox, I am going to be  
one of the Reception  
teachers. I hope you all  
have a lovely summer and I look  
forward to meeting you all in  
September.

Use a paper plate or cut out a  
circle from card and design and  
collage you own paper plate  
face. What different materials  
can you use for the different  
parts of your face? With a  
grown up, you could talk about  
your different features and what  
shapes they are.

Write your name on a large piece of  
paper or card then use as many  
different things as you can to  
decorate it. Put glue on the lines and  
carefully add your decorations so we  
can still see your name. If you have  
a short name or you would like to,  
you could decorate  
both names.

With your grown up, think of 5 facts  
about you, you could have a go at  
writing them yourself or drawing pictures  
to represent them or ask a grown up to  
write them for you. This could be the  
colour of your eyes or favourite colour or  
any other interesting facts about you!

Choose 5 body parts and use a tape measure or  
an object to measure them with. Find out which is  
your longest and shortest body part.

You can practise talking about this. For  
example: my hand is 10 buttons long!

As we make some plans for our year  
together next year, we would love to  
know something you would like to do  
or learn in Reception. Ask your grown  
ups to email us with your ideas.
