7 February 2022

Dear Parents/Carers

Year 1 Maths Parent Workshop

Have you ever found your child's maths work confusing or taught in a different way to which you were taught?

Would you like to be more familiar with the methods your children are taught in school?

If so, you'll be delighted to hear that we are going to run a maths parent workshops via Teams on Tuesday 15th February at 5pm. The workshop will focus specifically on our Year 1 Maths topics, resources and how you can support your children at home. It will also include information regarding our end of year targets, strategies used to cover more challenging areas of learning and the key concepts that flow through all of our maths lessons. This is a great opportunity to see how maths concepts are delivered in Year 1 and also how you can help your child consolidate their understanding of real life maths at home too.

Due to the current rates of COVID that remain within our local area we will be hosting this meeting via the Year One Teams page. Please join the meeting by clicking on the link on the main Year One Teams page.

We look forward to seeing you on Teams.

Thank you for your support

The Year One Team
