'Inspiring a love of learning to last a lifetime'

Our Core Values

Courage

Ambition

Respect

Excellence

Our curriculum is **ambitious**. Subject leaders take pride in preparing a knowledge-rich, coherent and well-sequenced curriculum which is deliberately planned so that children acquire the knowledge and skills required for them to transition to their next stage of learning. As it pushes children beyond their day to day experiences, we develop **courage** and we support them every step of the way in their drive for **excellence**. Our curriculum is diverse and teaches them to **respect** different traditions, peoples, cultures, the environment and all of the members of the school community.
